

BILOTTA

KITCHEN & HOME

BILOTTA KITCHENS PRESENTS:

SUSTAINABILITY IN KITCHENS

COURSE DESCRIPTION

Our goal is to enable architects and designers to guide their clients in selecting a facility and products that are derived and built from sustainable resources.

We will identify eco-friendly solutions for cabinet boxes, doors, adhesives, finishes, packaging and shipping.

We will review sustainable appliances, stone and other surfaces, plumbing fixtures, and decorative hardware

We will identify what is required to be considered a sustainable facility.

We will discuss how the combination of sustainably produced and eco-friendly products promote client safety and well-being.

We will close with designing for healthy living and sustainability and the future.

LEARNING OBJECTIVES

- What Sustainability Means
- Client Health, Safety and Welfare
- Recycling the Existing Kitchen
- Eco-Friendly Materials throughout the Kitchen
- Sustainable Production Facilities
- Eco-Friendly Packaging and Shipping
- Designing for Healthy Living
- Sustainability and the Future
